EXECUTIVE SUMMARY

Dr. Brandon Lundell is a functional medicine educator and clinician with over 20 years of experience in integrative healthcare. He has delivered over 500 professional seminars and educational programs to healthcare practitioners through state associations, national conferences, and the Nutritional Pathology Institute, which he founded in 2014. His educational programs have trained over 1,000 practitioners in functional medicine principles and protocols, with a focus on laboratory interpretation, clinical nutrition, and evidence-based therapeutic interventions. Dr. Lundell maintains a clinical practice in Longmont, Colorado, and serves as Clinical Science Advisor to the nutraceutical industry, having developed multiple proprietary formulations. His expertise encompasses functional endocrinology, autoimmune disorders, gastrointestinal health, and environmental medicine.
